

## EKS 5185.0 – Cardboard handle

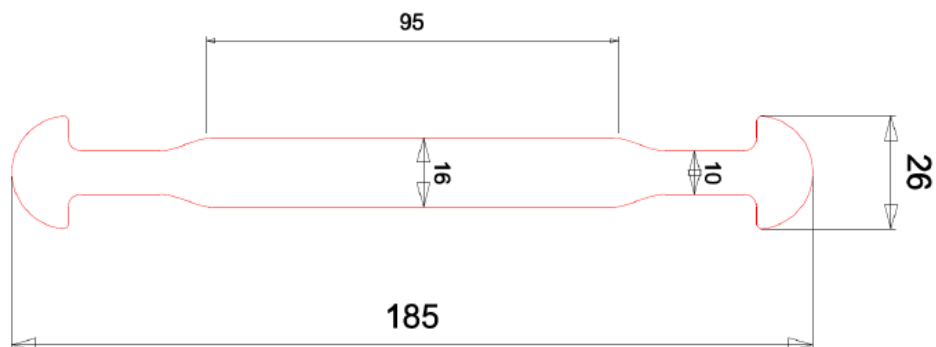

Experience the usual EKS wearing comfort made from 100 % recycled paper fibre!

Our EKS 5185.0 cardboard handle is made of a high-quality hardboard, which is produced by winding up and calendering several layers of fibre on a format roller **without adding any adhesives**.

Only waste paper and pulp production residues are used as raw materials. This makes future disposal in the recycled paper cycle possible without restriction!

Available standard sizes (all dimensions in mm):

Our EKS 5185.0 cardboard handle can hold up to 12 kg.

Different handle lengths / widths are possible. Simply get in touch with us.

**We will be happy to assist you in selecting  
the right article for you!**
